

TRANSFER POLICY OF THE SCIO USB AND THE QUEST9/Q9

A transfer of ownership is when an individual decides to privately sell their used device.

To transfer ownership of a SCIO USB / Quest9, it is helpful to follow these steps:

1. The Buyer and the Seller need to agree on their own sale price.
2. Once a price is agreed, the Buyer and the Seller need to transfer ownership of the SCIO USB or the Quest9, head harness, limb harness and USB cable.
3. Money and device transfer is the responsibility of the Buyer and the Seller.

The Buyer and Seller should follow these steps to ensure that the transfer is registered with the Budapest Home Office and the device database is updated, so that the device can be used by the Buyer and for future service - including technical support and warranty.

Customer who would like to transfer the ownership (Seller) please contact: info@scio-eductor.com

Customer who receives the transfer of ownership (Buyer) confirm with: info@scio-eductor.com
